**EN** This Collection of thermosetting powders provides outstanding looks and functional performance in a wide range of colours based on RAL – all available from stock and is GSB and Qualicoat approved. This range with fine textured finishes fulfills all architectural requirements and provides premium levels of aesthetics; it hides imperfections and improves the scratch resistance of the finish.

**DE** Die thermisch härtenden Pulverbeschichtungen dieser Collection erfüllen sowohl ästhetisch als auch funktional hohe Ansprüche. Sie sind in vielen RAL-Farben ab Lager erhältlich und erfüllen die Anforderungen von GSB und Qualicoat. Die feinstrukturierte Oberfläche eignet sich besonders für den Architekturbereich. Sie deckt Mängel und Unregelmäßigkeiten bei verbesserter Kratzfestigkeit ab.

**It** Questa collezione di polveri termoindurenti offre un aspetto eccezionale e prestazioni funzionali in una vasta gamma di colori basati su RAL – tutti disponibili a stock e con approvazione GSB e Qualicoat. Questa gamma con finitura testurizzata soddisfa tutti i requisiti architettonici e fornisce livelli di estetica e prestazioni funzionali di alto livello; nasconde le imperfezioni e migliora la resistenza ai graffi sul rivestimento.

**t R** Bu serideki toz boyalarımız RAL renklerinden oluşur ve geniş bir yelpazede,olağanüstü görünümüne, işlevsel performansa sahiptir - tamamı stokta mevcut olup, GSB ve Qualicoat onaylı toz boyalarımızdır. Fine Texture kaplamalı yüzeyler tüm mimari gereksinimleri karşılar ve birinci sınıf estetik ve fonksiyonel performans sağlar; yüzeyin kusurlarını gizler ve pizilme direncini artırır.

**PL** Stabilizowane termicznie farby proszkowe z tej kolekcji, łączą w sobie walory estetyczne i funkcjonalne oraz są dostępne w ciągłej sprzedaży w szerokiej gamie kolorów na bazie RAL. Farby te spełniają wszystkie architektoniczne wymagania jakościowe i posiadają certyfikaty Qualicoat oraz GSB. Zapewniają najwyższy poziom estetyki i trwałości, ukrywają niedoskonałości powierzchni i poprawiają odporność na zarysowania powłoki.

**FR** Les peintures en poudre thermodurcissables de ce nuancier apportent une esthétique remarquable et d'excellentes performances fonctionnelles dans un grand nombre de coloris RAL - Elles sont disponibles sur stock et homologuées GSB et Qualicoat. Cette offre d'aspects fine textured, répond aux exigences architecturales contemporaines avec un aspect haut de gamme premium. Elle masque les imperfections du support et améliore la résistance à la rayure du revêtement.

**ES** Esta colección de pintura en polvo termoendurecible aporta, además de una estética remarcable, unas propiedades funcionales excelentes en una gran variedad de colores RAL, todos ellos en stock y con las correspondientes aprobaciones GSB y Qualicoat. Esta gama de productos en acabado texturado fino da respuesta a los requisitos de la arquitectura actual a la vez que aporta acabados excelentes; oculta imperfecciones del sustrato y aumenta la resistencia al rallado del producto acabado.

**SE** Denna kollektion av värmehärdande pulverfärger erbjuder ett enastående utseende och funktionell prestanda i ett brett utbud av kulörer baserat på RAL - allt tillgängligt från lager och godkänt av GSB och Qualicoat. Detta sortiment med finstrukturerade ytor uppfyller alla krav inom arkitekturen och ger högsta estetiska nivå samt döljer ojämnheter och förbättrar reptligheten i ytskiktet.

**RU** Термоотверждаемые порошковые покрытия обеспечивают великолепный внешний вид и отличную функциональность, доступны во множестве разнообразных оттенков по цветовому стандарту RAL. Вся цветовая гамма имеется в наличии на складе и подтверждена сертификатами Qualicoat и GSB. Коллекция текстурированных покрытий отвечает всем архитектурным требованиям, демонстрирует высокие эксплуатационные характеристики и эстетическую привлекательность; скрывает недостатки и увеличивает стойкость к образованию трещин в отделочных покрытиях.
